Retroactive Nominations

Enable Mississippi River Transmission, LLC ("MRT"), Enable Gas Transmission, LLC's ("EGT's") affiliate, is requesting retroactive nominations on EGT to increase the receipt volume under contract 1005125 at WC pool 6491 from 35,513 Dth to 42,562 Dth for September 18, 2018. A nomination change was made intraday in the WC pool that MRT failed to match. MRT is requesting to retroactively increase the nomination on its transportation contract for that gas day. Accordingly, pursuant to Section 15.1(b), GT&C, EGT has agreed to waive the requirement that nominations have a prospective effect only and has accepted the nomination change for the stated gas day. No other Shipper's service, nor EGT, is adversely affected by this waiver.

Retroactive Nominations

CenterPoint Energy Resources Corp ("CERC"), EGT's affiliate with marketing function employees, is requesting retroactive nomination changes for December 5, 2018. CERC in error input nominations incorrectly and requesting an increase to receipt nominations at Delivery Areas #3 (803821), #4 (803822), #6 (803824), #7 (803825), #8 (803826) and #9 (803820) on contract 1011280 from FSS contract 1100061. Accordingly, pursuant to Section 15.1(b), GT&C, EGT has agreed to waive the requirement that nominations have a prospective effect only and has accepted the nomination change for the stated time period. No other Shipper's service, nor EGT, is adversely affected by this waiver.
